

FIELD TARGET AIRGUN  
LG300  
DOMINATOR

WALTHER®

WITH ALUMINIUM STOCK

WITH LAMINATED WOOD STOCK

# FIELD TARGET AIRGUN LG300 DOMINATOR

With 260 m per second against steel silhouettes. The LG300 Dominator – WALTHER’s new “high powered air rifle” – doesn’t give the steel silhouettes any chance. Maximum precision at 50 m is guaranteed with the adjustments available on the rifle for the Field Target marksman. The LG300 Dominator is the first “Out of the box” Field Target Air Rifle, which fulfills all Top marksman’s requirements. Especially the high shot capacity of 300 shots with 16 joule and 200 shots with 21 joule offers unexpected possibilities.

**WALTHER rifle-scope 10-40x56** reticle no. 15. Can be specially adjusted for the requirements of each marksman. The parallax adjustment from 10 to 50 m, target knobs, as well as rapid adjustment of windage and elevation.

**Mounting of scope:** Special mounting for the LG300 with a size of 30 mm. Robust holding due to an extreme long dove tail.

**Quick Fill-adaptor** with filling tube and Quick Fill compressed air cylinder (without manometer); for filling up the compressed air cylinder on the spot.

Art.-no. ??? compressed air cylinder with Quick Fill-adaptor 300bar

Art.-no. ??? filling tube with Quick Fill-adaptor and ventilation (testing and research laboratory)
